WE IN INTERNATIONAL TRANSPORT

Our company aims to be a leading firm providing comprehensive services in the logistics sector. We ensure the efficient and seamless management of supply chains by offering a wide range of solutions, including road, sea, and rail transportation, to our customers. Whether it's from Europe or China, we handle the transportation of goods both as Full Truckload (FTL) and Less than Truckload (LTL), as well as Full Container Load (FCL) and Less than Container Load (LCL). Additionally, we transport cars with the most reliable companies and facilitate the transportation of live animals.

With our expertise in logistics services, we approach our customers with a solution-oriented mindset and aim to deliver quality services at every stage of the supply chain.

SUPPLY SERVICES

Our company offers our customers the opportunity to find the product they want in the country they want and to manage all processes successfully with its supply services. We meticulously implement all the stages from the selection of the products and the beginning of the procurement process to their entry into the warehouse.

TRANSIT TRADING SERVICES

In transit trade services, we provide you with the transit of products from one country to another without the need for importing them to your own country. Whether you acquire products from a foreign company you work with in a different country or from companies we find in various countries, we facilitate the transit from the first country to your customer located in a third country.

CUSTOMS

We facilitate the export and import of your products by collaborating with customs representatives in either your country or the country from which you source the products. This partnership aims to streamline your processes and make them more efficient.

STORAGE

In our storage services, our greatest advantage is to find the relevant warehouses for your products and store them until the date specified by you. We can accomplish this in multiple countries, ensuring efficient storage solutions tailored to your needs.

PRODUCE PRODUCT

In our product manufacturing service, we take care of negotiating with factories in China on your behalf, ensuring the production of the desired product in the mold and label specifications you require. We facilitate the realization of production for the feasible product, enabling you to meet your manufacturing needs efficiently.

WE LOOK FORWARD TO RECEIVING POSITIVE FEEDBACK FROM YOU AS SOON AS POSSIBLE.
